Video Description

Why Choose Us

Product Description

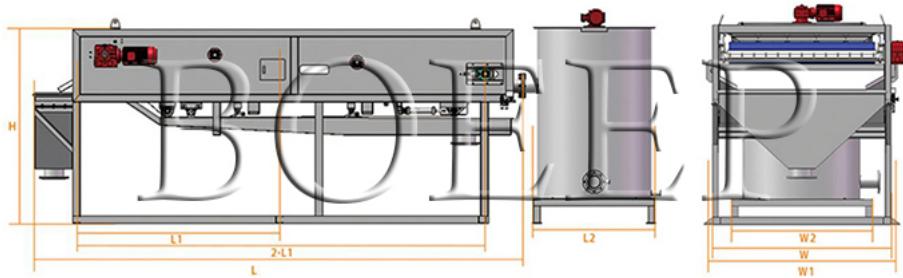

The design and manufacture of the gravity belt sludge thickener can adapt to the harsh working environment of high temperature and 100% humidity in the dehydrating room, and ensure the stable and reliable operation of the equipment.

The gravity belt sludge thickener runs smoothly and normally, no impact, vibration and abnormal sound. All parts are tested and qualified before assembling.

The flocculated material is uniformly sent to the filter belt through the fabric mechanism to carry on the gravity concentration.

In this section, there is a long horizontal movement and a small angle rising, and the material moves with the filter belt. Under the action of gravity, free water is separated from the floc and removed most free water in the material.

Model Choice

Model	DN1.0	DN1.5	DN2.0	DN2.5	Remark
Belt width(mm)	1000	1500	2000	2500	
Capacity(m ³ /h) Inlet concentration(S.S. 0.2-1.0%)	20-40	40-60	60-80	80-100	Depending on the characteristic of sludge
Sludge cake moisture content(%)	90-96	90-96	90-96	90-96

FAQ

Q: Are you trading company or manufacture?

A: We are both manufacture and trading company. We have over 20 years' professional experience as a waste water treatment equipment manufacturer and engineering service enterprise.

Q: Where is your factory located?

A: Yangzhou City, which is very close to Shanghai with only less than 3 hours' driving.

Q: Do you provide OEM service?

A: Yes. Any required logos is available.

Q: How about the production capacity of your company?

A: Our factory covers area over 20,000M² and produces machines 2000 sets per year.

Q: How could we trust you and your company? This is first time transaction?

A: Our company has more than 20 years professional experience. We cooperate over 1000 customers in China and overseas. We export nearly 40 countries all over the world. Welcome to our company and watch our plant production condition any time.

Q: What certificates do you have?

A: CE/ISO/SGS

Q: Do you offer after-sales service?

A: Yes. Engineers available.

Q: How long is your warranty?

A: One year after the arrival of the goods. During this period, as long as it is not a man-made damage, we send the damaged parts free of charge.

Q: What about your delivery time?

A: Normally within 45 days against down payment.

Q: What about the package of your export product?

A: We use anticorrosion wooden case with foam inside.

Q: What kind of payment do you accept?

A: T/T, L/C, PAYPAL, Cash, D/P, D/A, WESTERN UNION, MONEYGRAM

Q: What kind of transportation do you offer?

A: Customers decide freight mode, Air, Land & Sea
